

DR. E. A. HERVEY.

## EDWIN A. HERVEY, M. D.

EDWIN ADDISON HERVEY was born at South Durham, N. Y., January 16th, 1824. He is the third son of the late D. B. Hervey, ex-assemblyman from Greene county. His early education was received in the public schools and from private tutors. At the age of seventeen he was asked to teach the district school in his native town, in which capacity he continued there and elsewhere in the county for a period of five years. He then went to Ellenville, Ulster county, where he acted as clerk and book-keeper in a store and tannery for two years.

In 1848, he came to Staten Island and engaged as teacher in Westfield, remaining eight years. During the last six of these he resided with Dr. E. W. Hubbard, from whom he received his preparatory course of medical instruction. He then entered the University Medical College of New York city, from which he was graduated in 1859, receiving the valuable Elliot prize for skill in anatomy.

Dr. Hervey located in Rossville, where he still continues to practice. He has been especially successful as an obstetrician. He has been physician to St. Michael's Home, Greenridge, since its establishment. Though never active in politics, he has been a coroner of Richmond county for eighteen years, the last five terms having been successive.

Dr. Hervey has been twice married. His first wife was Eliza J., daughter of John Williams, of Rossville; his second, Grace E., daughter of T. W. C. Moore, for many years Queen's Messenger between New York and Washington. To the latter were born two children: Charles Edwin, who died in infancy, and William Addison.
